

WHAT DO I DO IF I HAVE A CONFIRMED CASE OF COVID-19?

01

Stay Home

Do not come to campus or attend class in-person.

Follow Saskatchewan Health Authority (SHA) guidance.

02

Report

Notify your instructor about your **positive (+) test result** using the mechanism noted in the course syllabus/outline.

03

Monitor

Stay home until symptoms subside and you are no longer COVID-19 positive.

Work with your instructor regarding any missed course work or assessments.
